Resolution 31-01

A Resolution Regarding A Water Bottle Refilling Station in the Jackson Street Building

Authored by: Senator Braden T. Meadows, College of Environment + Design

Sponsored by: Senator Braden Meadows; College of Environment + Design, Senator Lily Holmes; Grady College of Journalism and Mass Communication, Senator Kelton McConnell; Franklin College of Arts and Sciences, Senator Ali Elyaman; Campus Life Senator, Senator Hannah Woodward; Odum School of Ecology, Senator Will Campbell; At-Large Senator

WHEREAS, the Jackson Street Building of the College of Environment + Design is one of the most energy efficient, visible, and unique buildings on the University of Georgia's historic north campus; and,

WHEREAS, the College of Environment + Design promotes and practices a strong conservation ethic that is accepted and applied by the vast majority of students, faculty, and staff of the college; and,

WHEREAS, many efforts have been taken to increase the overall sustainability of the College of Environment + Design in order to lead by example in the planning, historic preservation, and landscape architecture professions; and,

NOW, THEREFORE BE IT RESOLVED, the 31st administration of the Student Government Association, on behalf of the student body, recommends that a water bottle refilling station be installed on the first floor of the Jackson Street Building of the College of Environment + Design; and,

THEREFORE, BE IT FURTHER RESOLVED, the funding for this initiative, quoted to be five-thousand dollars, has been appropriated through a specific channel of fundraising that will be led by the College of Environment + Design's Senator, administration, and student run organizations; and,

FINALLY, BE IT RESOLVED, the water bottle refilling station will have a projected installation date on or before the last day of classes during the spring semester of the 2018-2019 academic year.
